

Chicago Crime Scene Cleanup and TiONiCON are proud to present the latest methods of decontaminating Meth Homes!

- This 2-day, Hands-On training will teach your company all about Meth homes; from the production and dangers, to the proper protective equipment, to final decontamination
- TiONiCON's latest product, Meth Dep-Hyze, will give you the competitive edge in a growing market. Meth Dep-Hyze will allow you to decontaminate a home in one or two days, at a fraction of the cost of your competitors while still maintaining a healthy profit margin!
- You will make your money back on your first job!
- Already in the business of decontaminating Meth homes? We also offer a one-day course on the new methods
- The "Business In A Box" Includes enough equipment and supplies to decontaminate 5 homes!
- Class sizes are limited, enroll today!

\$1495.00 Two-Day Hands-On Training
